

DARCEY IS LOCATED AT FATHER'S HOME

Police Are Told That Man Sought by His Wife Is Out Looking for Work.

Police of the Seventh precinct learned today that Edward Darcey, for whom a general alarm was sent out yesterday at the request of his wife, who has been cared for since Saturday at the Gospel Mission, has been staying for the last two days with his father at 3221 O street northwest. A policeman who called at the house this morning was told that the man was out looking for work.

The couple had been living with relatives in Virginia for about a month, but recently the house was closed and the couple and their three children were obliged to seek other shelter. The couple came together as far as the Aqueduct bridge where, it is said, they separated. Mrs. Darcey, with the two younger children, went to the mission, while Darcey, with the oldest boy, went to Fort Myer to look for work.

According to Mrs. Darcey's story, her husband, a carpenter by trade, had been out of employment for about a month, during which time they had been living in the woods on the Virginia side of the Potomac. Investigation today failed to disclose any trace of the man, and Mrs. Darcey was unable to describe his exact location.

Ysaye-Godowsky Concert

Notable Musical Event

The Ysaye-Godowsky concert at the Columbia Theater on April 11 at 8:30, promises to be one of the most notable musical events of the season. Both of the artists have been heard in Washington, and the success of a joint concert can be easily surmised. The following program will be given: Sonata in A minor, by Cesar Franck, dedicated to Ysaye; Godowsky and Ysaye; ballade in G minor and andante spianato and polonaise, opus 22, by Chopin; Godowsky; polonaise, by Chausson; and Havaneise, by Saint-Saens; Ysaye; Kreutzer Sonata, opus 4, by Beethoven; Godowsky and Ysaye.

Motor Car in Flames.

Damage estimated at \$300 was done by fire last evening to the automobile of E. W. Mollahan, 40 Third street northwest. The machine was in Central avenue northeast when it caught fire.

NO MORE DANDRUFF, FALLING HAIR, SCALP ITCH

Men and women—do you want a splendid head of luxuriant hair free from dandruff and itching? Do you want hair so bewitchingly radiant that it compels the admiration of all who see it? Do you want a scalp as immaculately clean and bright as a newly-minted coin? Do you want to use a hair dressing that will surely prevent baldness, that always refreshes and invigorates and makes your entire head feel fine? Then spend 50 cents this very day and get a bottle of Parisian Sage at any drug store or toilet goods counter. Use it as directed and you will never care to use ordinary tonics again. No poisonous sugar of lead or injurious ingredients in Parisian Sage. Ask for Parisian Sage. O'Donnell's Drug Store guarantees it. Adv.

FIFTY CENTS A WEEK. Amount to the amount of \$25 can be paid for at the rate of five a week.

DOCTOR SHOOTS AT FLEEING BURGLAR

Anacostia Man Fires Several Times at Thief Who Got Only Match Box—Washington Motorists Are Arrested for Speeding in Suburb.

WASHINGTON TIMES BUREAU. ANACOSTIA, D. C., APRIL 7. The home of Dr. and Mrs. Upton S. Hower, at 1616 Minnesota avenue, was entered by a burglar, who entered through a window on the first floor, and then crept up stairs. He seized some of Dr. Hower's clothing, which lay on a dressing table, but the rustle of a lot of collars under the garments aroused the doctor. Dr. Hower reached for his revolver, which was under the bed. The robber heard him ask his wife where the weapon was and dashed for the stairs. In his arms he carried some of the doctor's clothing, as well as a waist and skirt belonging to Mrs. Hower. Dr. Hower pursued him, but failed to stop him, owing to the precaution taken by the thief of unlatching the front door, through which he escaped. He dropped Mrs. Hower's waist, which contained a diamond earring, at the door.

Dr. Hower fired several shots after the fellow, and later found his clothing lying in a heap in Minnesota avenue and Good Hope road. A match case had been taken from them. In the room entered by the thief were watches, jewelry, and money.

Seven cases of speeding by Washington motorists bound to or from the Marlboro races will be called for trial in the Police Court this week.

Announcement is made that Miss Mabel, Art, daughter of Mr. and Mrs. John W. Art, of 215 Rhode Island avenue northwest, and Walter A. Buscher, son of Mr. and Mrs. Henry A. Buscher, of Good Hope, will be married on April 16, in the Church of the Immaculate Conception, Eighth and N streets northwest, Washington.

Anacostia Lodge, No. 21, F. A. A. M., will give a musical and smoker this evening. The program will be given under the direction of Milton J. Phillips, worshipful master of the lodge, who has invited the members to take part in the musical.

An unusual ceremony will be held on April 21 by Anacostia Lodge, when the officers and degree team of Washington Centennial Lodge, No. 14, will confer the master mason's degree.

When Electa Chapter, No. 2, Order of the Eastern Star, meets tomorrow night, induction ceremonies for two candidates will be held. Mrs. Bertha Haines, the worthy matron, announces a literary and musical program for the evening. The chapter held a rummage sale in Anacostia and raised \$150 for the Eastern Star and Masonic Home. It has laid aside a sum amounting to several hundred dollars for furnishing a room in the institution when the building is completed.

The postal station at Good Hope will be in charge of a woman hereafter, Mrs. Jennie P. Blackburn having been appointed to succeed Henry A. Buscher, who has been the postmaster for about thirteen years.

Harry R. Knott and Marjill Readmond, who have been in Hot Springs, Ark., have returned here for a visit. They were stalled by the floods in Indiana, being delayed a week in reaching home. They were forced to return to St. Louis and come here by way of Chicago.

The Rev. Charles M. Bart, pastor of St. Teresa's Church, announces that the collection at all masses next Sunday will be for the benefit of the sufferers from the recent floods at the request of Cardinal Gibbons.

One hundred prizes will be distributed tonight by the young women of the Sodality of the Children of Mary, at a euchre party to be held in St. Teresa's School.

The regular meeting of the Anacostia Citizens' Association will be held Wednesday night at 8 o'clock in the office of the George S. King Company, 300 Nichols avenue.

Complaints have been made to former members of the District Electric Railway Commission that service by the District street railway companies has deteriorated considerably since March 4, or since the District Electric Commission was superseded by the Public Utilities Commission. Whether the street railway companies have been reducing the number of cars on any line since then is not known positively, because no check has been kept, but the general impression is that fewer cars are running on certain lines.

Schedule improvements which were contemplated by the District Electric Commission and about to be put into effect have been delayed or abandoned because of the change of authority, a notable instance being with respect to the Fourteenth street line. An order for more cars, or less headway between cars, on that line came within a few hours of being promulgated by the old commission. The discovery, however, that the law creating the new commission took effect immediately prevented the execution of the order.

Lack of Cars Charged. Complaints of the existing situation also point out that the improvements in equipment and operation of the street cars which were determined upon by the District Electric Commission after months of study have been abandoned temporarily, at least, while attempts to enforce the anti-running board order have been dropped entirely. It is announced.

Complaints with regard to the number of cars on the Georgetown line of the Capital Traction Company have been growing numerous lately. The lack of cars during rush hours is charged, and complaint also made with respect to the practice on this line of motormen refusing to stop their cars when standing in the room, at least, is available if another car is within the same block.

Charge in Effect Today. Observers of conditions at Fifteenth street and New York avenue and other intersections where cars run into the same street from different directions have made complaint that no system exists as to which car has the right of way when two approach at the same time. For instance, when a Navy Yard car from Georgetown and a Capitol and Library car from up Fourteenth street arrive at Fifteenth and New York avenue at the same time, the motormen stick their heads out the windows of their respective cars and hold debate with each other as to which shall go first.

One considerable street car service improvement goes into effect today. Capitol and Library cars of the Fourteenth street line will return via B street, passing the House office building and making a loop of the Capitol. Congressmen, tired by a day's session, will not have to transfer at the Peace monument hereafter when they are coming up town in the evening.

COMPLAINTS MADE ABOUT CAR SERVICE

Change for Worse Is Charged Since the Electric Board Was Superseded.

CIVIL SERVICE BODY TO ESTABLISH HERE

Officers of New Association at Work Selecting Headquarters for Organization.

Encouraged by the harmonious outcome of their conference and the successful launching of the National Association of Civil Service Employees, the newly elected officers of the association are today arranging for permanent offices in this city.

Washington was definitely chosen as the headquarters of the new association at a meeting of the executive committee last night, attended by President Andrew W. McKee, Secretary John J. Devinity, Michael F. O'Donoghue, Jeremiah Holland, Louis Marks, L. E. Schwartz, D. D. Caldwell, and Capt. John E. Brooks. Secretary Devinity was authorized to proceed at once, fitting up whatever association offices are found necessary.

"We are not starting an imitation of a labor union," declared President McKee. "We are starting an organization by which we hope to persuade Congress that if our ideas are carried out, not only will the personal welfare of the individuals in the service be advanced, but the majority opinion, although that opinion was opposite to the one he has long held. He further stated he would do his best to swing the entire membership of his organization into the new association."

"We hope," said Michael F. O'Donoghue, "that the few leaders who did not

Boy Cut About Head When Horse Runs Away

Henry Biepatch, twelve years old, was thrown out and cut about the head and face this morning when a horse attached to a wagon in charge of his father, Joseph Biepatch, of 516 Sixth street northeast, ran away at First and B streets northwest. The wagon crashed into a tree box and was damaged to the extent of \$50.

In spite of his injuries, young Biepatch declined to go to a hospital.

President Makes Call On Private Secretary

Taking an afternoon stroll, President Wilson made an informal call at the home of his secretary, Joseph P. Tumulty, on Calvert street yesterday. He remained for an hour. The President has already become attached to the charming features of Washington's residential section.

Citizens' Association Meeting.

The North Washington Citizens' Association will meet tonight at 8 o'clock in the parish hall, Church of the Advent, Second and U streets northwest, at 8 o'clock.

RESINOL RELIEVED ITCHING AT ONCE

And Completely Cured Skin Humor.

If you have eczema, or any other itching, burning skin trouble, the best evidence of what Resinol Soap and Resinol Ointment can do for you is the word of one who was cured by them after weeks of suffering. Adolph Schoen, 742 Shepherd Ave., Brooklyn, writes:

Nov. 1, 1912—"At first little red spots were seen on my arms and body, which I noticed were getting larger every day. They itched me so much that I scratched myself until I bled. Then I was told to use Resinol Soap and Resinol Ointment. As soon as I applied Resinol Ointment I felt much relief. After using it a few times, I noticed the spots were fading away, and in about a month I was cured completely. Nothing, healing balsams in Resinol Ointment and Resinol Soap, penetrate every tiny pore of the skin, clearing it of all impurities, driving away eczema, rashes, ringworm, psoriasis, and other eruptions, and making pimples and blackheads impossible. Prescribed by physicians for eighteen years. For free samples write to Dept. 18-T, Resinol, Baltimore, Md. Every drug store sells Resinol Ointment and Resinol Soap—Adv.

Washington Florists At New York Show

A number of representative Washington florists left this morning for New York to attend the third international flower show which commences today in the New Grand Central Palace. The party left in a special car over the Baltimore and Ohio lines. The show will continue to the end of the week, but many of the Washington delegation will return sooner.

The committee in charge of the arrangements for the trip is composed of P. H. Kramer, N. S. Hammer, and Otto Bauer.

Chemical Body to Meet.

The two hundred and twenty-fifth meeting of the Chemical Society of Washington will be held Friday night, April 11, at the Cosmos Club. Prof. Ralph S. Lillie, of the University of Pennsylvania, will lecture on "The Physical Chemical Conditions of Anesthetic Action."
